

REMARKS

By this amendment, the symbols used in SEQ ID NOs: 6-8 in the specification are made to conform to those used in the sequence listing, submitted herewith. In this amendment, the symbol "B" is replaced by the symbol "N" for the designation of 5-bromocytosine, in accord with the base codes outlined in 37 C.F.R. §1.822. No new matter has been added.

Attached hereto is a marked-up version of the changes made to the specification by the current amendment. The attached page is captioned **"Version with marking to show changes made."**

Examination on the merits is respectfully requested.

In the event that there are any questions concerning this amendment or the application in general, the Examiner is respectfully urged to telephone the undersigned representative so that prosecution may be expedited.

In the unlikely event that the transmittal letter is separated from this document and the Patent Office determines that an extension and/or other relief is required, Applicants petition for any required relief including extensions of time and authorize the Assistant Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 377882001720. However, the Assistant Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Respectfully submitted,
